REMARKS

The Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures states that the above-identified application must provide: 1) an initial computer readable form ("CRF") copy of the "Sequence Listing," 2) an initial paper or compact disc copy of the "Sequence Listing," as well as an amendment directing its entry into the application, 3) a statement that the content of the sequence listing information recorded in computer readable form is identical to the written sequence listing and, where applicable, includes no new matter, as required by 37 C.F.R. 1.821(e) or 1.821(f) or 1.821(g) or 1.825(b) or 1.825(d). The Notice also stated that if the applicant desired the sequence listing in the instant application to be identical with that of another application on file in the U.S. Patent and Trademark Office, such a request in accordance with 37 C.F.R. 1.821(e) may be submitted in lieu of a new CRF.

In response, applicants submit herewith (a) a replacement paper copy of the Sequence Listing, attached as **Exhibit B**, (b) a Request to Use the CRF From U.S. Serial No. 09/671,100, attached hereto as **Exhibit C** and (c) a Statement in Accordance with 37 C.F.R. §1.821(f), attached hereto as **Exhibit D**, certifying that the CRF and written sequence listing contain the same sequence information, and do not include new matter.

NOTICE TO COMPLY WITH REQUIREMENTS FOR PATENT APPLICATIONS CONTAINING NUCLEOTIDE SEQUENCE AND/OR AMINO ACID SEQUENCE DISCLOSURES

Filing Date Granted

Applicant is given **TWO MONTHS FROM THE DATE OF THIS NOTICE** within which to file the items indicated below to avoid abandonment. Extensions of time may be obtained under the provisions of 37 CFR 1.136(a).

- This application clearly fails to comply with the requirements of 37 CFR 1.821-1.825. Applicant's attention is directed to the final rulemaking notice published at 55 FR 18230 (May 1, 1990), and 1114 OG 29 (May 15, 1990). If the effective filing date is on or after July 1, 1998, see the final rulemaking notice published at 63 FR 29620 (June 1, 1998) and 1211 OG 82 (June 23, 1998). If the effective filing date is on or after September 8, 2000, see the final rulemaking notice published in the Federal Register at 65 FR 54604 (September 8, 2000) and 1238 OG 145 (September 19, 2000). Applicant must provide an initial computer readable form (CRF) copy of the "Sequence Listing", an initial paper or compact disc copy of the "Sequence Listing", as well as an amendment directing its entry into the application. Applicant must also provide a statement that the content of the sequence listing information recorded in computer readable form is identical to the written (on paper or compact disc) sequence listing and, where applicable, includes no new matter, as required by 37 CFR 1.821(e), 1.821(f), 1.821(g), 1.825(b), or 1.825(d). If applicant desires the sequence listing in the instant application to be identical with that of another application on file in the U.S. Patent and Trademark Office, such request in accordance with 37 CFR 1.821(e) may be submitted in lieu of a new CRF.

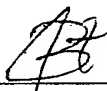

For questions regarding compliance to these requirements, please contact:

Sir:

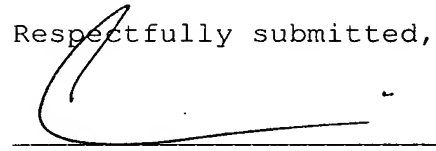

REQUEST TO USE CRF FROM U.S. SERIAL NO. 09/671,100

The sequence information contained in the written Sequence Listing (Exhibit B) submitted herewith is identical to that in the computer readable form filed in priority application U.S. Serial No. 09/671,100, filed January 29, 2003. In accordance with 37 C.F.R. §1.821(e), please use the computer readable form filed in that application as the computer readable form for the instant application. It is understood that the Patent

Sir:

STATEMENT IN ACCORDANCE WITH 37 C.F.R. §1.821(f)

In accordance with 37 C.F.R. §1.821(f), I hereby certify that the computer readable form containing the nucleic acid and/or amino acid sequences required by 37 C.F.R. §1.821(e) and submitted in connection with prior application 09/671,100 contains the same information as the written "Sequence Listing" submitted herewith, and includes no new matter.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
